TRAIL TRIALS consists of 6-8 natural obstacles and situations people might encounter on a trail ride. Riders are judged individually and how well they negotiate their horse through each obstacle, with an emphasis on calmness and safety. Horses are not judged between the obstacles. Riders of any division can ride together, families are welcome. Helmets are required for junior riders and are strongly recommended for all other riders.

1. RELEASE FROM ALL LIABILITY

This is a binding legal document. Read it carefully before signing below.

I understand that the **California Conservation of Trails (CCT)** and the Folsom Lake SRA Mounted Trail Patrol sponsors and organizes a variety of events, including, but not limited to, equestrian trail rides and overnight campouts, trail building and work days, tack sales, membership meetings, potluck dinners, and other social events. **California Conservation of Trails (CCT)** and Folsom Lake SRA Mounted Trail Patrol events are non-alcoholic. In consideration of the acceptance of my application or permission to participate in these events, I agree to defend, indemnify, and hold harmless the **California Conservation of Trails (CCT)**, the Folsom Lake SRA Mounted Trail Patrol and/or California State Parks, its officers, members, agents, employees, and representatives, from and against all claims, suits, actions, or liabilities (including any of the foregoing by way of indemnification or contribution), for personal injuries, property damage or loss, death, or for attorney fees, which are based on or arise out my participation in such events. This release applies to all such claims, suits, actions, or liabilities, even though they may arise out of or be based on the negligence, lack of care, or other fault on the part of the persons listed above.

In signing this release I acknowledge that (a) equestrian events and activities involving horses involve risks which may result in serious personal injuries, property damage or loss, or death, (b) that trails and areas for equestrian events may consist of rough trails, steep or unstable terrain, water hazards, wild animals, and other natural or man made obstacles and dangers, and that I may expect to encounter such areas in their natural condition without any preparation or safeguards designed for equestrian activities, and (c) that horses themselves may create dangers because of kicking, running away, throwing riders off, and other disruptive and uncontrollable behaviors.

I am sufficiently skilled in riding horses, and am sufficiently physically fit, to participate in the equestrian events listed above. **This release is binding on my heirs, executors, administrators, and personal representatives.**
